The Director of Central Intelligence
Washington, D.C. 20505

Intelligence Research and Development Council

IR&DC 81-3639

12 June 1981

MEMORANDUM FOR: Chairman, Intelligence Research and Development Council

FROM: [redacted] 25X1
Executive Secretary

SUBJECT: Tasking by the DDCI (U)

Dick—

Attached please find two task sheets which lay out what I believe Admiral Inman wishes the IR&DC to accomplish. In order to set the reports in motion, I suggest that you talk to Les Dirks and Bob Hermann and see if they will agree to sponsor the two studies. (They do not have to chair the working groups unless they wish.) If they accept, we can notify the Council members and solicit their support. I believe this action should go forward before our first Council meeting. I have not spoken with either Less or Bob about these subjects. (C)

SUBJECT: Technology Advances for Imagery Processing and Exploitation (S)

DISCUSSION: The DDCI has asked the IR&DC to prepare a report containing recommendations regarding what technological advances may be forthcoming which may be used to enhance our imagery processing and exploitation activities, and which should receive support from the Intelligence Community. In the preparation of this report, consideration should be given to how emerging technologies may be optimized [redacted] 25X1

[redacted] 25X1

METHODOLOGY: Under the aegis of the Council, Mr. Leslie C. Dirks will take the lead in the formation and administration of a working group to prepare this rpeort. Membership in the group will include representatives from CIA, DIA, Army, Navy, Air Force, DARPA, USDRE, and the IC Staff. (S)

COMPLETION: The draft report should be available for presentation to the Council for consideration by the end of September with the final report due the DDCI by the end of October. (U)
